SOLID STATE OF AFFAIRS
Having promised a step-change for EV ranges, solid-state batteries have yet to find a route to widespread application.

ELECTRIFYING THE OIL INDUSTRY
Major petroleum companies are embracing electrification, investing heavily in charging technology and station infrastructure.

THE RETURN OF FISKER
E&H Vehicle speaks to Henrik Fisker about breakthrough battery technology, new business models and affordable EVs.

PAY IT FORWARD
Why vehicle-to-grid infrastructure is the smart solution to support utilities for the drastic impact of electrification.

GREASE THE WHEELS
Faced with changing times, oil companies are tapping into new opportunities with specially-developed lubricants for e-motors.

THE FUTURE OF LITHIUM-ION
Multi-million dollar research projects are discovering ways to revolutionize battery performance and production.

COMMERCIAL ACTIVITY
Emissions regulations are leading to the electrification of heavy-duty vehicles, but is the technology ready for it?

SELF-CHARGING SOLUTION
The solar-paneled Lightyear One is able to recharge while on the move, which could be the ultimate answer to range anxiety.

NEW HORIZONS
Establishing an EV industry and infrastructure in developing nations is a high priority, but no easy task.

EXTREME Engineering
How Lotus plans to revive its iconic brand with the Evija – the world’s most powerful electric hypercar.
First published in 1995, and now sent free of charge three times a year to over 20,000* key specifiers and decision-makers throughout the global automotive industry, Electric & Hybrid Vehicle Technology International is firmly established as the world’s leading international showcase for technology and innovation in electric, hybrid and fuel-cell vehicle design, development and manufacture.

- Hard copy mailout, by name and job title, to around 10,000 key OE automotive personnel: Europe 40%, North America 40%, Asia/Pacific 15%, Rest of World 5%.
- Full-colour interactive digital version also available online at www.electrichybridvehicletechnology.com
- Distribution is to OE vehicle design, development and production companies, relevant independent design, engineering and R&D facilities, and to principal Tier One and Tier Two suppliers.
- Additional distribution at key industry events, including Electric & Hybrid Vehicle Technology Expo, The Battery Show, EVS, eMove360°, Vehicle Electrification Expo, Advanced Automotive Battery Conference and LCV.

**PUBLISHING SCHEDULE 2020/21:**

- **July 2020 issue:**
  Copy deadline: Friday 12th June 2020
- **November 2020 issue:**
  Copy deadline: Friday 16th October 2020
- **March 2021 issue:**
  Copy deadline: Friday 12th February 2021
